

Agung Prabowo Hariervanto

IT MANAGER

+6281387394024

agafa.developer@gmail.com

East Jakarta, DKI

SUMMARY

An IT professional with over 5 years of experience in programming and system development, including involvement in various government projects. Focused on delivering efficient and integrated solutions, I have successfully implemented several large-scale systems, most recently a healthcare system connected to **Satu Sehat**. With strong expertise in upholding IT quality standards and a keen eye for ensuring optimal software performance, I am prepared to make a substantial contribution to projects requiring cutting-edge technology solutions.

EXPERIENCE

IT Manager

PT. Kusuma Sampurna Mulia

03/2023 – Present

- Conducting the development and enhancement of information and technology systems.
- Ensuring all IT systems operate smoothly and determining solutions when issues arise.
- Creating strategic IT implementation plans aligned with company policies and monitoring their execution.
- Performing managerial and control functions in building IT systems and applications.
- Conducting research, analysis, planning, and design for each IT system and application development project.

Senior Programmer (Remote)

PT. International Leather Works

04/2022 – 03/2024

- Designing, developing, and implementing software applications in accordance with provided specifications.
- Planning and executing tests to ensure software quality. Identifying and resolving bugs or errors in the code.
- Providing mentoring and training to junior programmers. Sharing knowledge and experience with team members.
- Understanding user needs and translating them into technical requirement

Chief Technology Officer

PT. Mafi Global Asia

05/2021 – 02/2023

- Designed new product elements such as image recognition, hand writing recognition, audio, video and device-to-device communication.
- Authored code fixes and enhancements for inclusion in future code releases and patches.
- Tested and deployed scalable and highly available software products.
- Directed software design and development to meet client needs for functionality and performance.

IT Project Manager

PT. Tiga Naga Langit

06/2020 - 05/2021

- Developed project management roadmap to define project objectives, timelines and milestones.
- Oversaw large portfolio of projects to support teams, report progress and influence positive outcomes for key stakeholders.
- Outlined work plans, determined resources, wrote timelines and generated initial budgets as part of project scope determination.
- Developed and initiated projects, managed costs and monitored performance.

Programmer

PT. Sandriani Sejati Service

12/2019 - 06/2020

- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability and performance.
- Created business intelligence tools to capture client metrics.
- Designed custom dashboards and reporting interfaces.
- Contributed to codebase used in software deployment on multiple virtual machines.

Web Developer

PT. Anugerah Kamila Utama

09/2018 - 06/2019

- Provided front-end website development using WordPress, Hubspot and other editing software.
- Planned website development, converting mockups into usable web presence with HTML, JavaScript, AJAX and JSON coding.
- Oversaw back-end development using PHP to maintain website integrity.
- Ran debugging tools to eliminate flaws and glitches prior to publishing.
- Coded websites using HTML, CSS, JavaScript and jQuery languages.
